In-Hospital Benefit

The covered person must be covered by the other medical plan at the time any In-Hospital covered charges are incurred. A covered person is a person who is eligible for coverage under the certificate and for whom the coverage is in force. Eligible dependents include a lawful spouse who is covered as a dependent under the Other Medical Plan and/or a child (natural, adopted or step) who is covered as a dependent under the Other Medical Plan and who is under 26 years of age.

The in-hospital benefit pays the out-of-pocket amount for inpatient covered charges incurred by a covered person for treatment while confined in a hospital as an inpatient. A hospital is not an institution, or part thereof, used as: a place for rehabilitation, a place for rest or for the aged, a nursing or convalescent home, a long-term nursing unit or geriatrics ward, or an extended care facility for the care of convalescent, rehabilitative or ambulatory patients.

The ambulance benefit pays the out-of-pocket amount for air or ground transportation of a covered person by ambulance to a hospital or from one medical facility to another where a covered person is confined as an inpatient. A licensed ambulance company must provide the ambulance service.

Outpatient Benefit

Pays the out-of-pocket amount for outpatient covered charges. The covered person must be covered by the other medical plan at the time any covered charges are incurred.

The ambulance benefit pays the out-of-pocket amount for air or ground transportation of a covered person by ambulance to a hospital or from one medical facility to another where a covered person resides less than 18 hours. A licensed ambulance company must provide the ambulance service.
