Fee Schedule

Effective 5-23-2022

Our department's mission is to provide the highest standards of customer service and public input, while professionally implementing the City's vision plan and the Florida Building Code. We aim for the timely review of development permits and place the public's welfare above all other interests, yet recognize that the chief responsibility is to safeguard and protect the life, health and welfare of the general public overall. With every case, we strive for integrity, honesty, fairness and consistency so that we may reach excellence in all matters.

Fee Schedule

The Building Department reserves the right to establish and or adjust the appropriate fee for any service or item not otherwise provided for in this Schedule of Fees in accordance with the normal and customary charges and fees established by other jurisdictions for such services and items, but, however subject to final determination by the City Building Official.

The Building Department is authorized to impose an interest charge on any and all unpaid amounts which are due the Department. This includes, without limitation, items such as past due boiler fees, 40 year recertification fees, Civil Violation fines and demolition costs. The Building Department shall also have the authority to charge interest as part of any settlement agreement or installment payment plan to recover fees, fines or costs as well as outstanding liens.

The interest charged shall be assessed as provided for in applicable administrative orders. In all other cases, interests shall be charged from the date the amount was due and payable to the Department computed at the rate of ten percent (10%) per annum. The Department Director or designee shall have the right to waive all or any portion of the interest charge in order to ensure public safety concerns are met.

PRIVATE PROVIDERS

POLICY: The Building Official may approve private providers to conduct plans review and inspections duties in lieu of the municipal building department personnel as authorized by Florida Statute 553.791

PROCEDURES: Notice to the building official of use of private providers is a form indicating that the fee owner has elected to participate in the alternative plan review and inspection program. This form also includes information regarding the project, the qualifications of the private providers and duly authorized representative, as well as, proof of the requisite professional and liability insurance coverage. The private provider plan compliance affidavit form is used by the private provider to attest to the building official the plans submitted by the private provider were reviewed for and are in compliance with the Florida building code and all local amendments to the Florida building code.

Note: The building official or his staff may visit the site as often as necessary to verify that the private provider is performing all required inspections. The building department will conduct all final inspections and inspection for assurance of temporary or final certificates of

occupancy/completion. The building official may issue a stop work order, if a threat to public safety or welfare exists.

Upon completion of all inspections, the private provider shall prepare a certificate of compliance and summarize the inspections performed. The certificate of compliance must include a statement that the construction complies with the approved plans and the applicable codes.
