In the event that safety testing is performed by us at the start of the Agreement, and we find that critical safety components, such as the governor and/or safeties for traction equipment, and/or valves on hydraulic equipment, are not operating correctly, therefore resulting in unsafe conditions, you will be responsible to authorize the necessary repairs/replacements of this equipment, at your expense.

CLEANING

We will periodically clean the machine room, car top, and pit of debris related to our work in these areas.

TESTING OF SAFETY DEVICES

<u>Equipment</u>	<u>Test</u>	<u>Frequency</u>
Hydraulic	Pressure/Relief Valve	Annually

Our testing responsibilities do not include fees or changes imposed by local authorities in conjunction with witnessing, witnessing costs, inspecting, assisting inspection authorities, licensing or testing the Equipment including observation of testing by 3rd parties; changes in the testing requirements after the initial start date of this Agreement, or any other testing obligations other than as specifically set forth above, including, but not limited to seismic tests. Since these tests may expose the equipment to strains well in excess of those experienced during normal operation, Schindler will not be responsible for any damage to the equipment or property, or injury to or death of any persons, resulting from or arising out of the performance of these tests. Further, our testing responsibilities do not include performance, or the keeping of records related to, monthly firefighters service.

CUSTOMER FRIENDLY AND RESPONSIVE COMMUNICATIONS

Service dispatching will take place through our Schindler Customer Service Network (SCSN), which is staffed by qualified Schindler personnel, 24 /7. You will be provided with a customer identification number, which must be referenced when a call is placed for your facility. Our dispatchers will have access to your building's service call records, and will promptly relay the details of your call to the assigned technician. Your cab telephone will be directly programmed to dial SCSN.

You will also have access to Schindler SCORE CARD™, through Schindler's website, which gives you instant access to the performance history of your equipment covered by this Agreement.

ADDITIONAL COVERAGES

We will remotely monitor (if applicable) those functions of the Equipment described above which are remote monitoring capable. Our remote monitoring system ("SRM") will automatically notify us if any monitored component or function is operating outside established parameters. We will then communicate with you to schedule appropriate service calls. Monitoring will be performed on a 24 hour, 7 day basis and will communicate toll free with our Customer Service Network using dedicated elevator telephone service. The operation and monitoring of SRM is contingent upon availability and maintenance of dedicated elevator telephone service. You have the responsibility to install, maintain and pay for such telephone service, and to notify us at any time of any interruption of such telephone service. If requested, you will provide the proper wiring diagrams for the equipment covered. These diagrams will remain your property, and will be maintained by Schindler for use in troubleshooting and servicing the equipment.

CALLBACK RESPONSE TIME

We will perform the services during our regular working hours of regular working days, excluding elevator trade holidays. We will provide callback service during regular working hours. We will respond to callbacks within 24 hours of notification. If you authorize services or callbacks outside the scope of this agreement, you will pay us at our standard billing rates, plus materials not covered by contract, expenses and travel.

HOURS OF SERVICE

We will perform the services during our regular working hours of regular working days, excluding elevator trade holidays. The services include callbacks for emergency minor adjustment callbacks during regular working hours. If you authorize callbacks outside regular working hours, you will pay us at our standard billing rates, plus materials not covered by contract, expenses and travel. All other work outside the services will be billed at our standard billing rates. A request for service will be considered an "emergency minor adjustment callback" if it is to correct a malfunction or adjust the equipment and requires immediate attention and is not caused by misuse, abuse or other factors beyond our control. The term does not include any correction or adjustment that requires more than one technician or more than two hours to complete.

TERM

This Agreement commences on April 24, 2014, and continues until ~~May 23, 2020~~, and shall renew (where permitted by applicable local law) for subsequent similar periods, unless terminated by either party upon written notice received by the other party at least 90 days prior to the above termination date or any renewal termination date, and not more than 120 days before the termination date. *September 30, 2014. Wmg*

PRICE

In consideration of the services provided hereunder, you agree to pay us the sum of **\$139.00 per month**, payable in annual installments of \$1,668.00, exclusive of applicable taxes, unless another payment frequency option is selected below.

PRICE ADJUSTMENT

The contract Price and labor rates for extra work will be adjusted annually in January. This adjustment will be based upon the local labor rate adjustment for the year in which it is adjusted, and will be increased or decreased on the basis of changes to the local straight time hourly rate for mechanics. If there is a delay in determining a new labor rate, or an interim determination of a new labor rate, we will notify you and adjust the price at the time of such determination, and we will retroactively bill or issue credit, as appropriate, for the period of such delay. We also reserve the right to adjust the contract price quarterly / annually on the basis of changes in other expenses such as fuel, waste disposal, government regulations or administrative costs. Should you elect to take the annual pre-payment option, the price adjustment date will default to coincide with the invoice date.
