(Special waste bid was rejected, and was not re-bided)

Answer 3: Disposal & Transport means, rate per ton plus transport.

Question 3A: Will a rate per ton work?

Answer 3A: Yes, separate per ton rate and transport. Roll-offs 20yd max. or Dump Truck.

Question 3B: A conversion may work but in the rainy season the weight will increase, is there a mechanism for the material to be kept dry or a dual conversion rate; wet/dry?

Answer 3B: This material is kept out doors all year long. This material is generally removed during the dry season. During the rainy season if the material is wet, we will hold until dryer weather allows loading.
