Hi Oniel,

Thank you for providing the requested bid package. After revising all paperwork we have found some questions to be answered that are below developed.

1) Sparks Park Landscape List (page 19) vs. Landscape Plan:

We have found differences on the quantity of trees (Lagerstroemia hirsuta 6/3, Quercus virginiana 15/18, Tabebuia heterophylla 10/11, Alexander Palm 2/3 and Sabal Palm 2/4 required. For Bidding purposes, do you want us to follow the Landscape Plan or the Landscape List?

2) Bid Bond Format:

Within the bid package, we have not found any specific Bid Bond's City of Hialeah form to be used. Will we be using our regular form provided by our Bonding Company?

3) Sparks Park Landscape List-Item Alternates Plants Unit Prices:

According to the provided Landscape List Form (page 19) divided on:
Trees, Palms, Ground covers, Alternates and Miscellaneous. On the Alternates item we understood to only provide a unit price for each of the proposed plants, but not to include them on the final grand total of the list.
How do we deal with this item?

Thank you,
Marcos
