ANSWERS TO: E-mail from: **Sunryse Construction Services, Inc** (dated 07/09/2010)

1. The package that you obtained from the City of Hialeah purchasing department and the plans are the complete specs for this project. There are no more specifications.
2. Door schedule are part of the Doors & Hardware bid package not the Windows Package. The only doors included at the Windows package are the store front doors.
3. Yes, W107 and W105 have hollow metal frames.
4. Window mark W101 does not exist on the plans. It is a Typo.
5. Yes, there are several discrepancies in the window schedule. See attached new window schedule.

ANSWERS TO: E-mail from: **Edgewater Construction Group, Inc.** (dated 07/13/2010)

- Contractor can select any windows manufacturer; as long as it complies with the Florida Building Code and each window have their own Notice of Acceptance of Miami Dade County (NOA).

Mr. Toledo, we signed and fax back the addendum as requested in your e-mail, and since the project bid date has been extended, we will like to try an obtain clarification on the following issues:

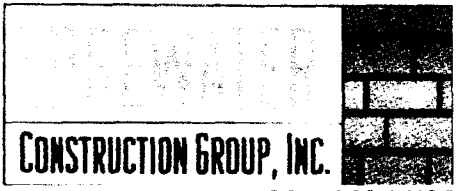

1. Can you please advise how I can obtain a glazing package project specification (i.e. specified/preferred products, performance requirements, etc), the package I obtained from City Hall does not contain one.
2. Can you please advise how I can obtain a door hardware schedule? The package I received does not specify which doors require panic hardware, automatic openers, ADA push pads, etc.
3. Marks W107 & W105 should be Hollow Metal frames, correct?
4. Where is Mark W101 located in the building?
5. There are several discrepancies in the window schedule located on sheet AA-8.2 (i.e. W106 is denoted as single hung, but it is a curtain wall). The large majority of the windows are denoted as single hung, however, the window elevations are depicting storefront, curtain wall, and casement windows. Please clarify.

Thank you in advance for your assistance, it is greatly appreciated.

Regards,

Jorge M. Salcedo
