ANSWER TO: Finrock DMC - e-mail dated (07-29-09)

- Some of the exterior facing pre-cast elements, the City together with the architect may decide to have the sandblasted in order to expose some of the aggregates, this will create contrast with the other panels. The City may decide not to have them painted.
- **You do need to include some sandblasting in your bid!**

Carlos,

Addendum # 8 it states the following:

ANSWER TO: Core Slab Structures Miami, Inc. - e-mail dated (04-15-09)

1. Yes, all of the precast elements will be gray. The only difference will be the amount of sand blasting to the exterior face of the panels to create contrast

Although the plans show painted precast concrete, and the specifications do not mention sandblasting. Please clarify.
